

WOMEN IN  
TOURISM  
& HOSPITALITY

PRESENTS

# THE 2020 GLOBAL VIRTUAL SUMMIT "BREAKING BARRIERS"

A GLOBAL LEADERSHIP SUMMIT TO FOSTER  
OPPORTUNITIES, INCLUSION AND ADVANCEMENT

OCTOBER 14 & 15, 2020 | 11 A.M. TO 2 P.M.

For the past four years, the Women in Tourism & Hospitality Summit has been the meeting place for women and men who are committed to advancing women in the tourism and hospitality industry. Each year we feature world-class speakers and networking opportunities to help professionals achieve excellence in their careers and industry segment. We help find ways to inspire, educate and advance women, while changing the world. Our community of women and men are innovators, networkers, problem solvers and visionaries

As we navigate the post-COVID-19 landscape, it's more important than ever to re-create and re-invent opportunities in travel and tourism while also continuing to support our community of entrepreneurs and leaders. Your time and resources are limited and valuable, and therefore our content is not only engaging but relevant, while offering an ROI for you and your business.

Join us this year as we pivot to a Virtual Global Conference. Find out what tomorrow's hospitality world will look like, learn what will be the most salient trends of the day and discover how the tourism and hospitality industry will need to be re-imagined to ensure great experiences in a safe and healthy manner.

### YOU WON'T WANT TO MISS THIS YEAR'S EVENT!

With topics such as inclusion and diversity, the future of travel, hotels and restaurants, and how COVID-19 has changed the travel experience and industry, this conference will engage and educate. Our respected and noteworthy speakers will present unique insights, share relevant research and inspire candid conversations.

Join us as we re-create a brighter tomorrow while crafting the future recovery of this vital and dynamic industry.

### ON THE AGENDA:

- ◆ A selection of speakers with audience questions facilitated by our host
- ◆ An exclusive platform where all participants will be able to engage, connect and ask questions of fellow professionals.
- ◆ Separate breakout area where attendees can network and learn from each other while laying the foundation for change
- ◆ Main Stage Keynote Speakers with question from global participants facilitated by a host
- ◆ Immersive and participatory word-cloud feedback and polls
- ◆ Virtual Exhibit Halls
- ◆ Job Boards
